I. The Stud Book Authority of Thailand

1. The Stud Book Authority of Thailand has been jointly established by the Royal Bangkok Sports Club and Royal Turf Club of Thailand and began its operations in January of 1996. Supported by the Royal Bangkok Sports Club and Royal Turf Club of Thailand, the Stud Book Authority of Thailand's financial operation is overseen by the Joint Administrative Office of the two Clubs.

Organization

2. The **Stud Book Committee**, comprising of nominated representatives from Members of the Racing Committee of the Royal Bangkok Sports Club and Royal Turf Club of Thailand, will oversee Thai Stud Book's policy and rules formulation, conduct of inquiries, and, direct report publications. Occasional changes may occur in Members of the Stud Book Committee as a result of the Racing Committee's annual meetings and elections.
3. The **Stud Book Manager**, as the official representative and chief operating officer of the Stud Book Authority of Thailand, is responsible for:- (1) the formulation of requirements and rules for Thai Stud Book which is to be in line with International Stud Book Committee's requirements and under the direction of the Stud Book Committee, (2) the authorization of all issuance of official documents and publications and, (3) the management of overall operations and finances of Thai Stud Book.

Functions

4. The functions of the Stud Book Authority of Thailand are as follows:-
 - 4.1) To represent Thailand at Asian Stud Book Conferences.
 - 4.2) To prescribe, and if necessary, revise rules and regulations of Thai Stud Book.
 - 4.3) To register broodmares and stallions for breeding purposes.
 - 4.4) To record coverings, births, deaths, pregnancy casualties and movements of stocks.
 - 4.5) To register stud farms and breeding establishments.
 - 4.6) To record ownership details of all breeding stocks.
 - 4.7) To issue passports and certificates of identification upon registration and, when necessary, certificates of exportation.
 - 4.8) To maintain a separate register for non-thoroughbred horses and, when eligible, take up their cases for promotion with the International Stud Book Committee.
 - 4.9) To publish:- (i) "**Return of Mares**" annually.
(ii) "**Thai Stud Book**" every four years.

Contact Address and Number

II. Definitions and Terms

6. “Thai Stud Book” is the organization which, under the directions of the Stud Book Authority of Thailand, carries out the registration of breeding stock and foals of racehorses whereby, separate registers for these horses are kept as follows:-
 - 6.1) “**Thai Stud Book**” - for horses registered as thoroughbred with Thai Stud Book.
 - 6.2) “**Non-Thoroughbred Register**” - for non-thoroughbred horses or horses of other breeds or horses lacking the qualifications for thoroughbreds set by the stud book.
7. “Thai Stud Book” also means the book or publication with compiled reports of foaling or covering results within the past four years of all thoroughbred mares at stud in Thailand.
8. A “horse” means and includes a racehorse, stallion, gelding, mare, yearling, weanling and a foal within the meaning of these rules.
9. A horse is “bred” at the place of its birth.
10. A “breeder” is the person, group of persons, or a legal entity (including a company, partnership, etc.) that owns or is the lessee of the dam when the foal dropped.
11. An “owner” is the person in whose name the horse stands registered at the point of registration application or as revised in the records of the Stud Book Authority of Thailand.
12. A “person” means and includes any person, individual, company or other legal entity.
13. A “Thoroughbred” is, in accordance to Article 12 of the International Agreement on Breeding and Racing, a horse which must satisfy the following qualifications:-

- 13.1) It is the product of a mating between a sire and a dam both registered prior to 1st January 1980, by a Stud Book approved by the International Stud Book Committee or must trace in all lines of its pedigree to horses so registered.
- 13.2) It can be proven satisfactorily that the horse is a product out of eight recorded consecutive crosses with horses in the category described in No.13.1 above, including the cross of which it is the progeny.
- 13.3) Notwithstanding that a horse may qualify under No.13.1, the Stud Book Authority of Thailand may have the right to refuse a recording in its stud book, any horse which fails to satisfactorily prove eight recorded consecutive crosses with horses described in No.13.1 or No.13.2 (including the cross of which it is the progeny) but such refusal shall not be effective unless it is confirmed by the unanimous decision of International Stud Book Committee.
14. A “Non-Thoroughbred” is a horse of a breed other than thoroughbred or a horse whose properties (or documentation) does not meet the qualifications for a thoroughbred.
15. A “Thoroughbred Cross” is the product from a mating in which one or the other partner is universally eligible for inclusion in a stud book (is a thoroughbred).
16. “Parentage Validation” Thai Stud Book Authority certifying the Thoroughbred must require further evidence of parentage based upon typing of genetic factors present in blood, hair and/or other biological samples. There is the validation of a foal’s parentage by comparing the blood type profile or genetic typing (DNA profile) of the foal with the blood type profiles or DNA profile of its sire and dam. If the parentage validation results show exclusion, the horse’s provisional registration will be immediately revoked and such horse cannot be registered under Thai Stud Book’s system; unless the owner proposes a possible change in the pedigree and it can be proven that the parentage validation of the foal-in-question shows inclusion.

III. Rules and Regulations

Eligibility

17. The Thai Stud Book and the Non-Thoroughbred Register shall contain official parentage pedigree and identification records of all racehorse foals born in Thailand. Under the Rules of Racing, only horses born in Thailand that have been accepted into the Thai Stud Book or the Non-Thoroughbred Register are eligible to register for racing.

18. Thai Stud Book will separate horses upon registration into either the thoroughbred or non-thoroughbred category. Only horses meeting the qualifications of a thoroughbred as described in No.13 of Definition and Terms will be admitted to the Thai Stud Book.
19. Horses entered as foals in the Non-Thoroughbred Register are eligible for promotion to the “Thoroughbred” status if it can be proven that, the horse is a product of eight verified and recorded consecutive thoroughbred crosses including the cross of which it is a progeny, and, it can show a record of high standard in racing performance. Such promotions shall be approved by the unanimous agreement of the International Stud Book Committee.
20. All horses must be accurately identified before being accepted into Thai Stud Book’s official records. Identification process includes the recording of natural visible features such as color, whorls, markings and other acquired markings such as brands or tattoos, and, the horse’s age and blood type profile. Imported horses are considered officially registered when their identification have been checked against, and found to match, the details on the official stud book certificate from the stud book authority of its country of birth.
21. To become eligible for acceptance into Thai Stud Book’s official records, all foals born in Thailand must be parentage validated whereby a foal’s blood type profile is matched against its sire and dam’s blood type profiles and the result must show inclusion.
22. To be registered as stallions or broodmares by Thai Stud Book, horses must be re-tested for blood type profile and have the recent profile matched against the profile from when they were registered as foals. This rule also applies for imported stallions and broodmares.
23. For foals to become eligible for acceptance in the Thai Stud Book or Non-Thoroughbred Register, the following official documents must already be submitted with Thai Stud Book:-
 - (i) **Covering Certificate** – an official Thai Stud Book document to be used by the owner of a stallion to confirm its covering(s) whereas the white copy is to be given to the owner of the broodmare, the pink copy is to be sent to Thai Stud Book, and the blue copy is to be kept by the stallion owner for reference.
 - (ii) **Mare Return Form** - an official Thai Stud Book document to be lodged annually with Thai Stud Book by the owner of broodmares to declare each mare’s status in the past year, such as, whether the mare was used for covering or not, and if so, the outcome of that covering.

24. A mare is said to be “returned” to the Stud Book when her Mare Return form for that year is submitted. From 1st January 1998, mares that have not returned for two consecutive years will be struck-off from Thai Stud Book and to be re-admitted into Thai Stud Book would mean going through the same registration procedures and fees as a new broodmare.
25. To be eligible for acceptance and recording in the Thai Stud Book, a foal must be:-
- i A product of natural service or covering which the physical mounting is of a mare by a stallion. **Artificial insemination is prohibited.**
 - ii A natural gestation took place in and the delivery is from the body of the same mare that conceived the foal. **Embryo transfer is prohibited.**
26. Under no circumstances shall a foal bred by the method of artificial insemination or embryo transfer be accepted for entry into Thai Stud Book.

Registration of Stallions and Broodmares

27. Registration of stallions or broodmares by Thai Stud Book includes:-

27.1) The physical examination of the animal to establish its identification, and, for Thai-born horses, have it verified with the “Certificate of Identification” issued at time of foal registration by Thai Stud Book or, for imported horses, verified with the “Certificate of Exportation” or “Stud Book Certificate” issued by the stud book authority of its country of birth.

27.2) The collection of blood sample to establish a blood type profile and, for Thai-born horses, have it verified with the previous profile from the time of foal registration or, for imported horses, verified with the profile from the blood typing laboratory of its country of birth.

28. Application for stallions and broodmares coming from retired race horses

Application for registration of Thai-born stallions or broodmares coming from racing retirement will be considered by Thai Stud Book upon receipt of the following:-

28.1) Completed “Racing Deletion Form” and “Application Form for Registration of Stallion or Broodmare” handed down from the Central Registration Office.

28.2) Four 4x6 ins. color photographs to show front, left-side, right-side and rear view of the horse.

28.3) The horse’s original passport.

28.4) Fee per horse:

- i Equine Parentage DNA testing fee - Baht 2,500
- ii EIA Testing fee - Baht 500
- iii Registration fee - Baht 1,000 (for Zone 1) or Baht 1,500 (for Zone2) or Baht 2,000 (for Zone 3)
- iv Blood typing fee is Baht 1,000 per horse (Not used at present)

29. Application for stallions and broodmares coming from unraced horses

Application for registration of Thai-born stallions and broodmares coming from unraced horses will be considered by Thai Stud Book upon receipt of the following:-

29.1) Completed “Application Form for Registration of Stallion or Broodmare”.

29.2) Four 4x6 ins. color photographs to show front, left-side, right-side and rear view of the horse.

29.3) The horse’s original passport.

29.4) Fee per horse:

- i Equine Parentage DNA testing fee - Baht 2,500
- ii EIA Testing fee - Baht 500
- iii Registration fee - Baht 0 (for Zone 1) or Baht 200 (for Zone2) or Baht 400 (for Zone 3)
- iv Blood typing fee is Baht 1,000 per horse (Not used at present)

30. Application for Imported Stallions and Broodmares

30.1) Owners who wish to import stallions or broodmares must send a letter of intent to Thai Stud Book 15 days prior to the horses’ arrival in which the letter must state the following details:-

- (a) The country of origin or country which the horse is coming from.
- (b) Amount and sex of horses to be imported.
- (c) Means of transportation and port of entry.
- (d) Estimated arrival schedule.
- (e) Place to be kept at stud.

- (f) Name, contact address and telephone number of owner.

30.2) After arriving in Thailand, following documents are to be submitted within 30 days of the arrival date:-

- (a) Letter confirming arrival date, name and sex of the horse(s), place to be kept at stud, owner’s name, contact address and telephone number.
- (b) Completed “Application Form for Registration of Stallion or Broodmare”.
- (c) Original passport or photocopy of certificate of foal registration or stud book certificate for identification purposes.
- (d) The Department of Livestock’s import approval documents.
- (e) Import entry or airway bill.

- (f) Four 4x6 ins. color photographs to show front, left-side, right-side and rear view of the horse.
- (g) Fee per horse:
 - i. Equine Parentage DNA testing fee - Baht 2,500
 - ii. EIA Testing fee - Baht 500
 - iii. Registration fee - Baht 1,000 (for Zone 1) or Baht 1,500 (for Zone2) or Baht 2,000 (for Zone 3)
 - iv Blood typing fee is Baht 1,000 per horse (Not used at present)

30.3) Registration of imported horses is taken as provisional until the official Certificate of Exportation or the endorsed Stud Book Certificate is received from a stud book authority of the country that exported the horse, and, DNA profiles or blood type profiles have been verified.

30.4) It is the duty of importers or owners of “mares-in-foal” to ensure that the official covering certificate of the stud book authority of the country where the stallion (that covered the mare) is standing, is signed by the stallion’s owner and is duly sent to Thai Stud Book for perusal prior to the foal’s birth. The certificate shall contain the name of the mare, name of the stallion, covering date(s), name and signature of stallion’s owner or authorized person.

- 31. A stallion or broodmare is considered provisionally registered until its DNA profiles or blood type profile can be verified, against the blood type profile from the time it was registered as a foal or, for imported horses, with the profile from the blood typing laboratory of its country of birth.

Covering Certificate

- 32. A covering can only be reported by the stud farm at which it had physically occurred.
- 33. The stallion owner is responsible for submitting covering certificates for each covering of a mare, irrespective of the result of the service.
- 34. The stallion owner shall provide fully completed and signed covering certificates to owners of mares after the last covering.
- 35. If the mare’s owner loses the covering certificate, a duplicate copy must immediately be requested from the owner of the stallion.
- 36. A stallion or mare must be at least provisionally registered before using for breeding.
- 37. If a mare was covered by more than one stallion, a covering certificate from each of the stallion must be submitted separately.

Registration of Foals

38. Breeders shall notify Thai Stud Book of a foal's birth within 45 days of its foaling date, if it is intended for the foal to register for racing and the following are to be submitted:-

- 38.1) Completed "Application Form for Registration of Foal" with the following details:
 - i Date and place of birth.
 - ii Color and sex.
 - iii Name, address and telephone number of breeder/owner.
 - iv Distinguishing marks and proposed brands (if any).
- 38.2) Four 4x6 ins. color photographs to show front, left-side, right-side and rear view of the foal.
- 38.3) Mare owner's copy of Thai Stud Book's prescribed covering certificate signed by owner of stallion or authorized person, stating name of stallion, name of mare, and first and last dates of service.
- 38.4) Fee per foal:
 - i Equine Parentage DNA testing fee - Baht 2,500
 - ii Blood typing fee - Baht 1,000 (Not used)
 - iii Microchip fee - Baht 500
 - iv Registration fee - Baht 1,000 (for Zone 1) or Baht 1,500 (for Zone 2) or Baht 2,000 (for Zone 3)

39. For cases of multiple coverings of mares, all stallions' names must be stated on the foal's registration form whereas covering certificates must be submitted separately.

40. Late notification of birth shall be accepted under the discretion of Thai Stud Book and may be subject to payment of a late fee no less than Baht 500 each.

41. Only foals born in Thailand that are products of sires and dams already registered with Thai Stud Book can be accepted for registration. For foals conceived abroad that are born in Thailand, the dam's covering certificate or a covering confirmation stated in her certificate of exportation from the stud book authority of the exporting country must be submitted.

42. A foal is considered provisionally registered until it passes parentage validation which requires the matching of its blood type profile or genetic typing (DNA profile) with its parents' profile (to show inclusion).

43. According to the Genetic Laws of Heredity for Coat Color, Thai Stud Book can refuse the entry of foals with coat color inconsistent to the registered coat color of its stated parents.

44. Thai Stud Book may refuse the entry of foals whose dams' reported gestation period is at significant variance to the accepted limits.

Report of Casualties, Movements and Ownership

45. Breeders/owners are required to report the death of stallions, broodmares, colts, fillies, and foals including foals waiting to be registered, by submitting a notification letter to Thai Stud Book within 30 days from the day of death.
46. Breeders/owners are required to report pregnancy casualties such as aborting, slipping, foal death (at birth), etc. in Thai Stud Book's prescribed "Mare Return Form" in which the breeder/owner must submit to Thai Stud Book at the beginning of each year.
47. Breeders/owners wishing to change their registered Thai-born stallions or broodmares back to the "Racing" status may do so on the condition that the horse's age does not exceed 6 years old, whereby a letter of intent is submitted to Thai Stud Book for acknowledgement and Thai Stud Book will send the matter to the Central Registration Office for approval and acceptance. The horse is subject to re-inspection by the Inspection Committee upon the first day of its resumption in racing.
48. Breeders/owners shall notify the movements or permanent transfers of all stallions, broodmares and foals by submitting details in a notification letter to Thai Stud Book within 30 days of movement.
49. Records of ownership of stallions, broodmares and foals will be as initially registered with Thai Stud Book until further notification on the change in ownership from the previous owner is received. Failure to report the transfer of ownership to Thai Stud Book may result in the delay or refusal of entry.
50. Change in ownership of a racehorse is to be reported to the Central Registration Office until such time that they are registered for breeding.

Exportation

51. It is the responsibility of the breeder/owner to notify the intent to export his horse to Thai Stud Book no less than 15 days before the day of departure from Thailand and such notification shall include the date of departure, name of country of destination, means of transportation, port of exit, and, the name and address of the buying agent or new owner.
52. Thai Stud Book will issue the "Certificate of Exportation", for Thai-born horses, and for foreign-born horses such as imported stallions or broodmares, an "Export Endorsement" for attaching to the original Stud Book Certificate from the country of birth. These documents will be sent directly to the stud book authority of the country of destination. The issuance of certificates of exportation can be carried out only for horses that have been parentage validated.
53. Application fee for export certificate issuance/endorsement is Baht 500 per horse. Fee for late applications received after 60 days from date of departure is Baht 1,000 per horse.

54. All exported horses must have their identity established to the satisfaction of Thai Stud Book prior to departure and their passports must be submitted for endorsement.
55. In exporting broodmares, breeders/owners must provide the most recent service details and, when applicable, submit the current season's covering certificate.
56. Thai Stud Book must be notified immediately if the exportation schedule is adjusted or cancelled after having endorsed the passport whereby the passport must be returned for the correction or cancellation of the endorsement.

Registration of Stud Farms and Brands

57. All stud farms and private breeders are required to be registered with Thai Stud Book before any acceptance of horse registration. Information such as the name of the breeder, owner or authorized person, contact address and telephone number shall be filled in Thai Stud Book's prescribed form.
58. Stud farms and private breeders may propose to register a brand mark at the time of application for registration as stud farm or private breeder. Thai Stud Book has the right to reject the proposed brand and ask for a change in design if it is identical or similar to brands already registered in Thailand.

Branding

59. Branding of a foal by the owner or stud farm is allowed but must be carried out no less than two weeks before the foal is physically inspected for blood-sample collection so that the brand is clearly visible. The brand must have prior approval from Thai Stud Book and must be administered on the horse's right shoulder only.
60. Breeders/owners wishing to change brand designs from the one proposed in the Farm Registration form must obtain an approval for the new design from Thai Stud Book.
61. Cases of error in branding or changing of brands without prior permission will result in the delay or possible refusal of the foal's entry.
62. Thai Stud Book has the authority to order the re-branding of a horse if a brand fails to meet Thai Stud Book's standards; for example, in cases of faint or unclear brand.

Naming

63. A race horse's name is registered at the time it applies for speed test (time trial). The proposed name is filled in the application form to be submitted to the Central Registration Office and will become official on the day of the speed test when it is identified and branded. A horse is fully registered for racing upon passing the speed test.
64. Owners wishing to change a horse's name from the previously proposed name on the speed test application form must notify the Central Registration Office as soon as possible and notification must be made before the day of the horse's first speed test when it is to be identified and branded. Any changes of names after that, the owner is subject to pay a fee of Baht 10,000 per change.
65. The Racehorse Registrar is in charge of approving the proposed names for race horses.
66. Names of unraced horses to be registered as stallions or broodmares are approved by Thai Stud Book upon application whereby in such cases, the same Rules on Naming as used for race horses are also applied.
67. Under no circumstances can names of stallions or broodmares be changed.
68. As required by International Stud Book Committee (ISBC), Thai Stud Book is signatory to Article 14 on Registration of Name of International Federation of Horseracing Authorities (IFHA), and therefore, the following restrictions from the "Rules on Naming" applies:-
 - i Names of **stallions** cannot be re-used unless a period of **15** years since their death or last report of covering has passed OR if the stallion's age is **35** years or more (whichever is the soonest).
 - ii Names of **broodmares** cannot be re-used unless a period of **10** years since their death or last report of covering has passed OR if the mare's age is **25** years or more (whichever is the soonest).
 - iii Names of all **other horses** cannot be re-used unless a period of **5** years since their death has passed OR if the horse's age is **20** years or more (whichever the soonest).
 - iv Names identical to those appearing on the "International List of Protected Names" are not permitted.
 - v Names cannot have more than 18 characters, including signs and spaces.
 - vi Names of public persons cannot be used, unless permission has been given.
 - vii Names followed by numbers are not permitted.
 - viii Names made up entirely of or include initials, figures or signs are not permitted.
 - ix Names with meaning, pronunciation or spelling thought to be obscene or insulting are not permitted.
 - x Names, in spelling, identical to or in pronunciation, identical or similar to a protected name or a name registered for a horse whose year of foaling is within 10 years of a horse in question are not permitted.

xi Names starting with signs other than a letter are not permitted.

69. The suffix **(THA)** is used for all horses born in Thailand and is only shown in the horse's pedigree when documents are sent overseas.

Certificate of Identification and Passport

70. A certificate of identification completed and signed by a panel veterinarian will be issued when a horse has been blood typed and parentage validated and it shall contain the name of the sire and dam, sex, date of birth, color, markings and distinguishing marks such as brands.
71. A passport or document of description is issued to owners for identification purposes and pedigree details of the horse and must accompany the horse at all times for use as reference when the horse is covered, transferred or exported. Passports must be sent to Thai Stud Book for endorsement in cases of change in ownership or change of status from racing to breeding or vice versa.
72. The passport is meant for use throughout the horse's life and any change of the horse's status eg. from racing to breeding or if a horse is named, gelded or transferred must be recorded or endorsed on the passport by Thai Stud Book.
73. The passport is considered as property of Thai Stud Book and Thai Stud Book has the right to recall passports at all times.
74. Owners wishing to request for Thai Stud Book to re-issue passports to replace ones that have been lost must submit the following:-
- (i) A letter requesting for issuance of replacement copy, stating details of the horse.
 - (ii) A police report confirming the loss.
 - (iii) Replacement copy issuance fee of Baht 500 each.

Genetic typing (DNA typing)

75. A horse must be genetic typing to become eligible for inclusion in the Thai Stud Book.
76. A foal's DNA type is matched against the DNA types of its sire and dam as a method of parentage validation. If the foal was conceived abroad, Thai Stud Book will coordinate with the appropriate stud book authority to obtain the DNA type of its sire at stud overseas.
77. Under no circumstances shall horses that have not been genetic typed be accepted for racing registration.
- i When a foal is excluded from its reported parentage, following procedures are taken:-

- ii Withhold the horse's registration and inform concerned authorities. Notify the breeder/owner and ask for suggested alternative parentage.
 - iii If the reported parentage stands, a second set of hairs samples from the foal, its dam and, if necessary, its sire are collected and sent to the genetic typing lab.
 - iv In case of changes of parents from the reported parentage, a letter of confirmation with an explanation for the change from the breeder/owner is to be submitted.
 - v If the result of the foal's second test still shows exclusion to its reported parentage, the foal's registration is to be terminated and it is excluded from Thai Stud Book.
78. Genetic typing (DNA typing) fee is Baht 2,500 per horse. In cases where second tests are required, the breeders/owners are responsible for the payment of such fees, and, if the second test results showed inclusion according to the initial reported parentage, these fees are to be refunded.
79. The certified laboratory which provides genetic typing and parentage validation services to Thai Stud Book is the Equine DNA typing Laboratory of the Faculty of Veterinary Medicine, Chulalongkorn University. This laboratory is recognized by the International Society of Animal Genetics (ISAG) whereby the laboratory must undergo ISAG's regular comparison tests.

Microchip

82. As part of Thai Stud Book's registration procedures, all foals to be registered shall be implanted with microchips at the time of their identification and blood sample collection by panel veterinarians. The fee for microchip implantation is Baht 300 per horse.
83. In case an implanted microchip should deteriorate or become faulty (not responding well to the reader), re-implantation of a new microchip will be immediately carried out at Thai Stud Book's expense.
84. All horses to be re-implanted with microchips are subject to thorough identification which involves the inspection of the horse's physical appearance including the checking of age, sex, color, markings and whorls. Any discrepancies in identification from the original stud book certificate will lead to the proving of the horse's identity by means of blood type comparison and in such case, the horse's blood sample will be collected after the re-implantation process.
85. Racehorses coming to the racecourse for the first time for speed tests (time trials) must go through thorough identification inspection which also includes microchip reading. Once a horse is registered for racing and is given a race brand, microchip reading will, on race days, play a major role in the identification process.

86. Thai Stud Book will implant microchips in Thai-born horses only. Imported stallions and broodmares are not subject to microchip implantation.

Color Coat and Genetic Laws

87. Thai Stud Book strictly adheres to two coat-color inheritance principles for thoroughbreds of which, in all cases, state that:-

- i The breeding of a chestnut sire and a chestnut dam must always produce a chestnut - colored foal. (This does not, however, imply that all chestnut foals must come from chestnut-colored parents.)
- ii A grey foal must always come from at least one grey parent.

88. Bay stallions with records of producing all bay-colored foals from 12 chestnut mares or more per year will be categorized as “Dominant Bay” stallions. If later on in life, it should occur that a recognized dominant bay stallion came to produce a chestnut-colored foal out of a covering with a chestnut mare then this stallion will no longer be categorized as a dominant bay.

IV. Prohibition of AI and ET

89. At **no time** will Thai Stud book accept the registration of foals conceived by any forms of breeding methods of Artificial Insemination (A.I.) or Embryo Transfer (E.T.). Therefore, if a foal is to be accepted for registration, it must be the product of a natural service or covering which is the physical mounting of a mare by a stallion, and, its delivery is directly from the same body of the mare that had conceived it.

V. List of Approved Stud Books

90. The Stud Books of the following countries below have been designated “**approved**” by the International Stud Book Committee. Horses from these countries will carry the suffixes indicated, when exported. These suffixes used are the same as that of the United Nations.
